<b>Item number</b>	<b>GTIN</b>
EM10025501	4015120025501

### Product description

IR remote control for the DEFENSOR series: For quickly and easily adjusting the level of brightness, switch-off delay time, detection sensitivity and other parameters.

- Remote control for DEFENSOR series of outdoor motion detectors and twilight switches
- For quickly and easily adjusting parameters without a ladder
- For easily setting the level of brightness or switch-off delay time to meet individual requirements
- For automatic reading of the current light level
- For adjusting the sensitivity of the motion detector
- "Continuous lighting ON/OFF" function (4 h or 12 h) for manually switching on the sensor without pressing the button
- For activating impulse mode
- Includes wall-mounted holder
