

PRODUCT INFORMATION

Reference : FD-020-141

Protocols : Wiegand

Technologies : 125 kHz

DESCRIPTION

Wiegand is a standard protocol. FDI Wiegand proximity readers are compatible with the majority of access control systems supporting 30-bit. FDI can develop 26-bit, 32-bit, 34-bit and other readers on request.

The FD-020-141 Sinthesi Steel proximity reader is a 34-bit reader.

TECHNICAL CHARACTERISTICS

Power supply

Operating voltage: 12Vcc

Wiring

- Wiring: 5 wires / 100 metres max.

Read distance

- Mifare® Classic: Up to 40 mm

Size

- Size (L x l x H): 85 mm x 85 mm x 16 mm
