

## Hermetic luminaire VANTA 2x60cm T8 LED ABS/PS

Modern hermetic luminaire for T8 LED fluorescent lamps, designed with durability and efficiency in mind. Made of high-quality materials, it features a solid construction. The luminaire is compatible with energy-saving T8 LED fluorescent lamps powered from one side.

Installation is simple - the luminaire is connected directly to the 230V mains. Thanks to the IP65 tightness class, the luminaire is perfectly protected against dust and water jets, making it an ideal choice for applications in demanding environments. This versatile luminaire will work great in workshops, garages, production halls and other industrial facilities. Its resistance to harmful external conditions and waterproofness guarantee reliable operation even in the most demanding locations.

The luminaire is equipped with standard G13 sockets, enabling easy connection of T8 LED fluorescent lamps powered from one side. This solution provides flexibility in the selection of light sources, allowing you to optimize lighting for specific needs.

For indoor and outdoor use

Ambient temperature suitable for operation

IK protection rating

Material (cover)

Dimmable

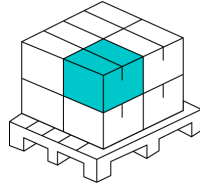

Parameter	Value
Socket type	G13
IP protection rating	65
Warranty (years)	3
Weight	550 g
Mounting type	surface
Stand-by dimming level	G13
Supply voltage range and voltage type	AC 220-240V
Frequency of the supply voltage	50/60Hz
Material (cover)	polystyrene
Material (housing)	ABS
Not dimmable	10

Parameter	Value
Ambient temperature suitable for operation	-10÷40 °C
For indoor and outdoor use	YES
IEC protection class	II
IK protection rating	06
Full box quantity	10 pc
Length	670 mm
Width	110 mm
Height	60 mm
Product weight with packaging	750 g
Master carton weight (kg)	7,5
