Table lamp MONJI 1,5W 200lm 3K IP20 10/50/100% 1800mAh black LITE

The elegant table lamp is a product made with the utmost attention to detail. We took care not only of the technical parameters, but also of the modern design. Therefore, it will be appreciated by both lovers of aesthetic and practical solutions.

The solidly made lamp has a steel casing, resistant to mechanical injuries, and a non-slip base. We have equipped it with parameters that distinguish it from other products available on the market: the lamp's power is 1.5W and luminous flux is 200lm.

The lamp is available in four colour versions: black, brown, orange and raspberry, which makes it successful in any arrangement. It is an excellent decorative element for both domestic spaces and restaurant facilities. Thanks to its compact size, it can be easily moved to any location. With the push of a button, you can switch it on, off or adjust the brightness.

You can charge the lamp in just 3 hours and use it for up to 7 hours. The lack of mains supply ensures the lamp's free mobility, so it will work wherever standard devices could not function.

Key product features and benefits:

- capacious batteries 1 x 3.7V 1800mAh;
- long operating time (up to 7 hours);
- luminous flux of 200lm provides optimum illumination of the selected surface;
- IP20 ingress protection;
- touch dimmable: 10/50/100%;
- colour temperature: 3000K
- aesthetically pleasing and elegant

Li-Ion 1x 3,7V 2000mAh

2-year warranty — Manufacturer issues a 2-year warranty for this product.

TOUCH DIMMABLE — The switch works by touching the sensor, which turns the lighting on or off. An additional feature of the switch is the stepless brightness adjustment. A short touch turns the lighting on/off. A long touch dims or brightens the lighting.
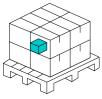

5H – 100% — Maximum time needed to charge the battery.

8H

120° — Beam angle

MAX -5÷40 °C — Ambient temperature suitable for operation

Parameter	Value
Luminous efficacy	133 lm/W
Power	1,5 W
Colour of the light	White
Luminous flux	200 lm
Correlated colour temperature	3000 K
