

Surface mounting frame 60x60 H65mm white foldable Lite

The new surface frame for LED line panels with dimensions of 600x600 mm and height of 62mm is a product that will look great in any space. This model is a combination of modern design, high quality workmanship and attractive price, all in a compact, practical form.

The surface-mounted frame housing is made of durable white powder-coated aluminum. Thanks to the plastic connectors and rigid construction of the frame, its installation is uncomplicated and convenient. The model is designed for indoor installation only.

Manufacturer issues a 3-year warranty for this product.

This product is suitable for surface-mounted installation.
