

Panel mounting frame 120x30 H70mm white Prime

The new surface frame for LED line panels, measuring 120x30 cm and 70 mm high, is a product that will look great in any space. This model is a combination of modern design, high quality workmanship and attractive price, all in a compact, practical form.

The surface-mounted frame housing is made of durable white powder-coated aluminum. Thanks to the metal spring-like fasteners and the rigid design of the frame, its installation is uncomplicated and convenient. The model is designed for indoor installation only.

Manufacturer issues a 5-year warranty for this product.

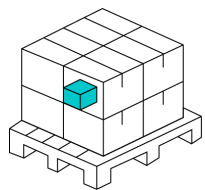

This product is suitable for surface-mounted installation.
