PRODUCT INFORMATION

Reference : FD-010-010

Technologies : Mifare Classic

DESCRIPTION

Proximity keys are IP68 and IK08 certified (waterproof and highly-resistant to shock). They have a metal ring so they can be attached to a key ring and contain a non-editable 8-character hexadecimal code. Key uniqueness guaranteed. The code is etched to simplify key programming and ID.

Keys can be customized with screen printing or cover moulding.

FD-010-100 proximity keys are compatible with all FDI Mifare® Plus 13.56 MHz readers and recommended for use with the Easy Door Controller system and iPassan
